

# Lasting Strength:

## community forum on HIV and aging

September 14, 2010

Did you know  
nearly 40% of  
people living  
with HIV/AIDS  
in MA right  
now are  
over 50?

Join us for “Lasting Strength”, an important discussion on HIV and the aging process as we observe National Aging and HIV/AIDS Awareness Day. Emerson Miller, AIDS Action Committee’s Peer Services Program Manager, will moderate a panel of clients and experts with community discussion on topics such as:

- \* Challenges of aging with HIV
- \* How HIV accelerates the aging process
- \* Strategies to meet these challenges
- \* Current programs for people aging with HIV

Brought to you by PALS (Positive Aging, Lasting Strength), AIDS Action Committee’s wellness program for seniors who are infected with, affected by, or at risk for HIV/AIDS.
